

INDIVIDUAL BUILDING REGULATIONS

Individual building regulations shall be developed by each Attendance Center Administrator in order to govern the operations of the facility which he/she supervises. Such regulations shall be consistent with School Board policy and Administrative procedures, and shall be reduced to writing and communicated to all individuals whom they effect. Such regulations shall be filed with the Superintendent of Schools and subject to his/her review and approval **prior to their implementation.**

Students, parents, and teachers handbooks prepared by the Attendance Center Administrators are subject to review and approval by the Superintendent of Schools and the School Board. Once approved, they carry the authority of the School Board policies and/or Administrative procedures.
